Sunday League Champions

Captain Graham Mugglestone who has been with the club since the beginning, holding the Sunday League Cup, surrounded by players and committee men.

Jubilee FC were the toast of Newbold Verdon and of the Hinckley and District Sunday League on Saturday when they held a celebration dinner in recognition of their winning the league championship, their third divisional title in as many seasons.

Appropriately enough the celebration dinner was held at the rear of the village inn which gave its name to the side.

In their meteoric rise to fame, it has just been success after success for Jubilee. Started three years ago they took the Third Division title in their first term of operation and narrowly lost to First Division Red Lion in the KO Cup.

Up to the Second and another championship at the first time of asking. So to the First and their most recent success but in gaining promotion they also became the first side to bring a county trophy to the Hinckley district after beating Illstone Foxes in the final of the Intermediate Shield.

The club has remained basically the same from the start, no-one has left but three or four new ones have joined. In just three and a half years they have come from friendlies to the championship of one of the strongest Sunday leagues in the country.

No wonder the players, committee and a few friends had reason to celebrate with the dinner and disco dance last weekend. They have reached the top, there is very little else left for them to win, they can only consolidate their position as one of the top half dozen clubs in the Hinckley League.
