# LEAVES FOR SOUTH AFRICA

*Farewell drinks to wish "bon voyage" to Ricky Bell, whose parents are landlords of the Jubilee public house in Newbold Verdon, because next week he sets off for a job in the sun at Pretoria in South Africa. Ricky (24) is a maintenance man for the Post Office and has often taken over behind the bar at the village pub when his parents have been away. Barwell born, Ricky is a founder member of the Jubilee Football Club and has been the Sunday League side's secretary for four years.*

*His parents, Harry and Violet Bell, hope their son finds success in the sun. As Ricky says, "They wish me luck and don't want to hold me back, but you can't help a little regret when your son is going half-way round the world".*
